

**Edulink One** is a NEW easy to use parent portal app that the school has invested in to help further improve communications between school and parents/carers. It also enables us to streamline the many applications used currently for 'school life' tasks, meaning parents/carers will only need to log into one platform - **Edulink One**

We will be retiring MyEd app on Friday 10<sup>th</sup> March 2023 therefore, **Edulink One** will be our main form of communication with parents.

Parents/carers will be able to view their child's timetables, report absences, update school data forms, book parents evening slots (replacing school cloud), view clubs, school letters, grade cards, attendance and receive messages from school (replacing MyEd).

There is also a **Links** tab that will directly link you to all of the relevant websites and apps that school require you to access, eg Tapestry, Seesaw, Sparx Maths, Scopay to pay for school meals and trips etc.

Later in the academic year, we are hoping to introduce more features such as behaviour/achievement, assessments and end of year reports.

**Edulink One** is a fantastic asset and is really simple to use – you should have received your username and password by email this week (check your junk inbox also). Once you receive this please download the app and log in to ensure you do not miss out on any communication from school. If you need to update your email address please contact the school office.
